GOES TO WASHINGTON

Mr. Prince's Friends Confident He
Will Explain Matter.

Mr. H. H. Prince, who for the past
six or eight months has made his
home in Hickory, left for Washington
city late yesterday in company with
an officer to answer to the charge of
securing money under false pretenses.
None of his Hickory friends believe
him guilty, and Mr. Z. B. Buchanan
accompanied him to the district to
render any assistance necessary.

It seems that Mr. Prince gave a
check on a bank in which he had no
deposits, that he had left instructions
with the person to whom the check
for \$75 was given to endorse another
check that would be mailed to him,
and that then Mr. Prince thought the
matter closed. His instructions were
not followed, and when the original
check was presented at the bank,
the officials declined to cash it. A
warrant was issued. The papers, let-
ters and checks in the case are ex-
pected to show, Mr. Prince's friends
say, that he committed no crime,
though he might be guilty of a tech-
nical violation of the banking laws.
A humorous incident is related in
connection with the arrival of Officer
O'Brien here yesterday. The Wash-
ington officer introduced himself to
Chief Lentz as "O'Brien—Irish,"
whereupon the Hickory chief quickly
retorted, "Lentz—Dutch." And there
was no mistaking either.

Ban Johnson has informed a wait-
ing world that the Federals will not
be allowed to participate in the world's
series.

Little dope has come out from Dav-
idson, but it is a safe guess that the
Presbyterians will be on hand with a
gritty team, as usual.

The football season will begin in
earnest Saturday, most of the big
northern teams taking on light op-
ponents. In the south the grand old
sport will not be on for another week.

Wake Forest, by the way, seems to
have some hefty recruits, and if the
Baptists do not make a winning bid
or nearly match their opponents this
fall, a lot of people will be surprised.

It really appears that Trenchard
has better prospects at Carolina than
in recent years. He had a great ma-
chine last year, but it never came
back after administering defeats to
Georgia and Vanderbilt. The latter
game hurt both teams.

The happiest men in the state are
the football coaches and players. The
cold weather, which fell upon us late
yesterday, has made it possible to
get in some real work. A. & M. and
Wake Forest meet Saturday, and they
will need all the practice they can
get.

ASHEVILLE WINS AGAIN

Elmer Myers, the elongated twirler
of the Raleigh team, again pitched
Asheville to victory in the champion-
ship series with Rocky Mount 5 to
0. The series now stands 3 to 2 in
favor of the Carolina Leaguers. Earl
Mack contributed three healthy swats
for the Mountaineers. Too much en-
thusiasm cost Rocky Mount a run
when Wratton, who had clouted the
ball over the fence, was in the second in-
ning, was embraced at third by Goose-
tree, who was coaching. A crowd of
2,000 saw the game.

LENOIR WINS GAME FROM HICKORY TEAM

In a lively and interesting game of
baseball Tuesday evening, Lenoir's
ball team defeated a team from the
town by a score of 6 to 5. Despite
the fact that several league men were
playing for the town, Lenoir's regular
pitcher was not put in until the eighth
inning. Davis, one of Lenoir's out-
fielders, pitched the first five innings,
when on account of a few wild
balls, Shortstop Yoder went in and
pitched the game until Miller took
possession of the box in the eighth in-
ning. The players were somewhat
rusty from their summer vacation and
made the game more interesting to
those on the side lines. Score by in-
nings:
Hickory ----- 000 005 000—5 6 5
Lenoir ----- 200 011 20x—7 8 5
Batteries—Panella, Miller, C., and
Setzer, Miller, C., Starnes; Davis,
Yoder, Miller, E., and Cline.

The Lenoir team will meet the team
from Rutherford on Lenoir's diamond
Thursday at 3:30 p. m. A good game
is expected if Rutherford can make
it interesting for Lenoir.

THE LEAGUE LEADERS

Philadelphia Nationals Strengthen Po-
sition—Boston Didn't Play.

New York, Sept. 22.—The Philadel-
phia Nationals made their position as
a potential pennant winner more se-
cure by winning both games of a
double-header from St. Louis, there-
by gaining half a game on the Boston
team, which won a game from Cin-
cinnati, and increasing their lead by
a whole game over Brooklyn which
cold weather prevented from playing
in Pittsburgh. Baseball critics now
consider it doubtful if either Boston
or Brooklyn will be able to overtake
the speedy Phillies, who have a five
and one-half games lead over the
Braves, who took second place, and are
six full games ahead of Robinson's
Superbas.

The elements helped the Detroit
Tigers to cut down the Boston Ameri-
can's lead slightly, rain causing a
postponement of the scheduled double-
header between Boston and Cleveland,
while the Tigers took a game from
Philadelphia. The two games which
Boston was to have played with Cleve-
land probably will have to be cancel-
led, as there will be no opportunity
to play them off in the present se-
ries and the two teams are not sched-
uled to meet again this season. The
Red Sox lead the Tigers by four
games, which, barring accidents, or
a sudden and unexpected reversal of
form, is expected to be sufficient to
win the pennant.

Your Health and Happiness Depend on the Condition of Your Spinal Column

CHIROPRACTIC. (Ki-ro-prak-tik.)

Is the only Scientific Philosophy
and Art that has thoroughly tested
and proved that disease is caused by
interruption of mental impulses, as
they pass through the nerves, at
the intervertebral foramina wherever
the vertebrae (spinal bones) are not in
perfect alignment with each other.
Such conditions are subluxations,
which impinge the nerves that pass
through these openings thereby inter-
fering with the mental impulse and
consequently causing disease in the
organs or tissue in which the nerve
ends.

Chiropactic further proves that
scientific adjustments will be followed
by the return of health.

Chiropactors do not use medicines,
drugs, knife or anything that is used
to treat effects.

Chiropactic is no longer in its in-
fancy. There are thousands of com-
petent Chiropactors throughout the
land who have graduated from ex-
cellent schools, founded since the dis-
covery of this wonderful science.
Millions of happy patients testify to
its merits.

Chiropactic adjustments never do
harm. They are quickly given by
means of a skilful movement of the
hands alone. This method, however,
is not massage, neither is it osteo-
teopathy, surgery, Christian Science,
nor the practice of medicine, but it
is in harmony with the modern science
of progress which demands results.

If you are sick, no matter what
part of the body is affected and have
tried everything else, try Chiropactic
adjustments and get well.

Chiropactic is right and Good
Health you owe yourself.

COTTON FUTURES SOARING ON EXCHANGE

And still cotton soars. Futures on
the New York exchange, after open-
ing somewhat lower than yesterday's
close, rose several points and Octob-
er futures were quoted at 11.30. De-
cember went October 30 points better
and closed at 11.60, while January
went as high as 11.74. July futures
sold at the close this afternoon for
12.28.

The bulls evidently feel that a
short crop is on their side, or they
would be unable to boost prices in the
face of the bears. Cotton men still
are unable to account for the rise.

Prize for Grammar

Ann Isnow sends us a prize bit of
English grammar which she overheard
in a street car:

"Well, if we ain't had no good time
this summer, 'tain't because we ain't
went none."—Cleveland Plain Dealer.

Where Fear Lay.

Evelyn is very cowardly, and her
father decided to have a serious talk
with his little daughter.

"Father," she said at the close of
his lecture, "when you see a cow, ain't
you afraid?"

"No; certainly not, Evelyn."

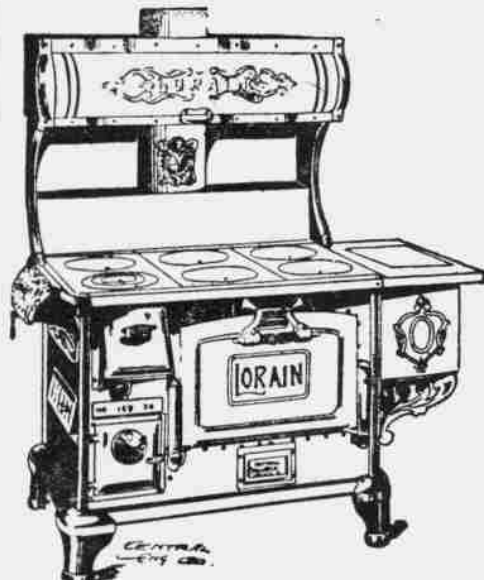

"When you see a bumblebee, ain't
you afraid?"

"No!" with scorn.

"Ain't you 'fraid when it thunders?"

"No," with laughter. "Oh, you
silly, silly child!"

"Papa," said Evelyn, solemnly,
"ain't you 'fraid of nothing in the
world but mama?"—Short Stories.
